

Disability Roadshow Fife

Make Your
Voice
Heard!

SDEF are running a series of information events across Scotland over the coming months, beginning with Glasgow, Aberdeen and Alloa. The aim of the events is to reach disabled people who may not necessarily engage on policy issues which affect them, but would like to know how to have their voice heard. Have a look on our website for more information or get in touch with Morven on 01259 272063 morven.brooks@sdef.org.uk
