

# FRAMEWORK FOR FIFE

## CONSULTATION DAY

Thursday August 28<sup>th</sup>

9.30 - 4.00 pm

Strathearn Hotel, Kirkcaldy

The National Sexual health and Blood Borne Virus Framework 2015-2020 is to be developed over the next few months following Scottish Government review visits to Health Boards.

We would like to hear from a wide representation of services in Fife who are in a position to offer varying levels of BBV/Sexual Health awareness raising support and interventions. To contribute to this process from a Fife perspective, you are invited to come along or send representatives to a conversation café at the Strathearn Hotel in Kirkcaldy where we will discuss progress made under the Sexual Health and BBV Framework outcomes, and identify priorities for 2015-2020.

Organisational promotional stands are invited and welcome.

Please complete the attached registration form and return to : Julie Murray, BBV Secretary
